

Kathleen A. Lucey, FBCI

516.384.6437

Senior Partner & Managing Director

Principal Consultant

Management Consultant with IT systems programming experience (Bank of America and Amdahl) as well as 20+ years of consulting experience at Fortune 100 companies, specializing in the development and implementation of effective IT disaster recovery programs and overall business continuity and is one of the founders of ISACA

Ms. Lucey has a proven track record developing, implementing, and administering Business Continuity Programs for large customers in multiple industries, including financial and pharmaceutical, as well as healthcare and legal. She has developed effective tools for multiple marquis customers' Business Continuity Programs to manage geographically diverse and cross-functional teams, typically in excess of 250 individuals (engineers, attorneys, end-users and management). Kathleen brings a practical perspective as well as an ability to successfully link business objectives with IT systems.

Ms. Lucey has provided detailed conference sessions (in French and English) at numerous industry conferences in the US and Canada for the past 20 years and has often published articles in journals of the business continuity profession. She was one of the founders and the initial President of the US Chapter of the Business Continuity Institute.

- Well known for her expertise in Business Continuity and Disaster Recovery, with 25+ years of experience.
- Over 25 years of experience with expertise in Disaster Recovery, Business Continuity, and Risk Management.
- Management of multiple teams to develop and implant Disaster Recovery and Business Continuity at major pharmaceutical and legal firms.
- Created Business Continuity methodologies, with custom processes and elements, for Montague Risk Management clients.
